

United States Department of State

Washington, D.C. 20520

MAR 06 2008

Dear Mr. Chairman:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to the United Kingdom to support the replication of the Quick Fox software object code for integration into Park Air UHF radio systems. Park Air will sell the modified UHF radio systems to India, Italy, and the United Kingdom.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Jeffrey T. Bergner
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 015-08

The Honorable
Joseph R. Biden, Jr., Chairman,
Committee on Foreign Relations,
United States Senate.
